

Have a Cosmic Christmas

Baill.

Celebrate Christmas with funky colours

With so much excitement in the air, we just couldn't wait to start sharing with you some of the craziest and most exciting eye-candy we have catalogued for the 2025 summer season.

Our Cosmic colours in the **Go!Tunia®** series are out of this world and the perfect high impulse pot Petunia to kick start your summer bedding season.

These novelties are always in high demand, so if you are on Santa 'Good List' make sure you treat yourself to drop a tray of these plugs into your Christmas stockings before they sell out!

Go!Tunia® is the earliest pot type variety on the market with 23 stimulating colours to pick from:

- Large bright flowers and unique colours

Petunia Go!Tunia Cosmic Pink

- Compact, upright and mound forming
- Tested under low temperature and light levels for the best performance in early spring
- Ideal for 10.5-12cm pots
- Pot and sell in as little as 6 weeks

All available as plugs in a 128 Leg Tray.

Take a look inside your **2025 Spring-Summer Plant Catalogue** for lots more festive treats!
